PAC donations are not deductible as charitable contributions for federal income tax.

The Licensed Professional Counselors Association as a 501c6 formed a Political Action Committee. The LPCA PAC Committee collects voluntary contributions from supporters and uses those contributions for political purposes, including, but not limited to, making contributions to and expenditures on behalf of supporters of professional counselors who are candidates for local, state, and federal office.

CAPITOL CLUB: *The LPCA Capitol Club is your chance to join a select group of professionals who have recognized the importance of being involved politically and financially. Capitol Club members understand that voting is not enough to elect officials who truly “measure up” for understanding and supporting the mental health services professional counselors provide, but that it also takes both time and money. Capitol Club members receive the exclusive invitations to legislative receptions and early announcements about events that will benefit you as a politically active professional.*

More important . . . YOU will set an example for your colleagues about the importance of taking an active role in the LPCA’s political activities.
